

Z201 Premium Wax/Resin

Product features >>

Z201 is a UL-recognized Premium Wax/Resin Ribbon and delivers superior image durability on a wide variety of labels and tag materials. Along with increased abrasion and heat resistance, Z201 also provides excellent print darkness and high definition characters and images. Z201 prints up to 10ips utilizing less print head energy and offers “plug and play” compatibility with industry leading premium wax/resin ribbons.

Recommended substrates >>

Printing characteristics >>

Ink color	Black
Color density	≥1.6 (test on X-Rite tester)
Abrasion resistance	≥150 times (200g weight, test on coated papers)

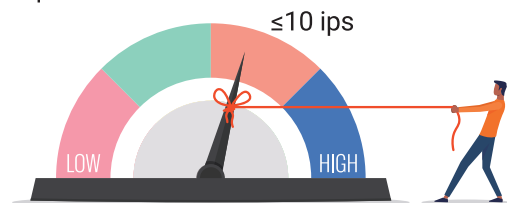

Recommended printing conditions >>

Printer mode

Flat head

Print speed

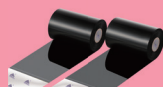

Desktop printers, Industrial printers

※ Depending on the type of printer and print carrier, the print quality and image durability may vary.

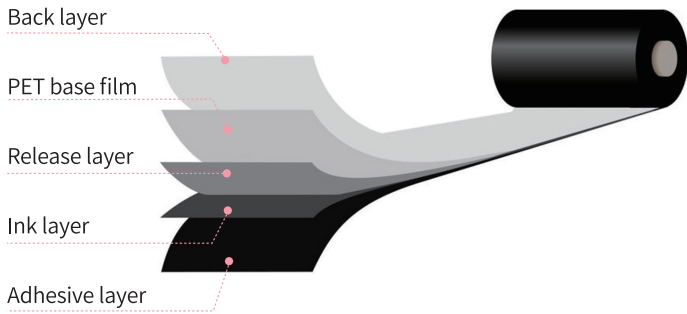

Quality starts with Our film

Z201 Premium Wax/Resin

Technical specifications >>

Base film	BOPET
Total ribbon thickness (μm)	7.0±0.5
Storage conditions	-5°C~40°C 20%~85% Relative Humidity
Base film thickness (μm)	4.5±0.2
Ink melting point	80°C
Shelf life	1 year

Certified product >>

RoHS 2.0

REACH

ISO9001/14001/45001
